

# ZENITH METERING PUMPS AND SYSTEMS

## FOR EVERY STEP IN YOUR BATTERY AND ELECTRIC CABLE COATINGS PROCESS

The battery and cable industries relies heavily on precision and efficiency, and CIRCOR'S ZENITH METERING PUMPS are engineered to deliver just that. Whether it's handling high pressures or viscous materials, ZENITH pumps are designed to excel in these challenging environments, ensuring reliable performance and optimized production processes.

Designed to meet the demanding requirements of the Battery and Cable Coating industry applications for pastes, adhesives, potting and abrasive sealants, and film separator manufacturing. ZENITH METERING PUMPS are tailored to meet your specific needs and deliver impeccable results.

### FEATURED PRODUCTS AND SERVICES FOR YOU:

- ✓ Thin Film Separator Melt Pumps: Zenith Series PEP & BBPEP
- ✓ Dispensing Pumps: Zenith Series 9000 (Plus MagDrive Option)
- ✓ 2K Complete Packaged Systems: Controllers, Mounting Carts, Instrumentation
- ✓ Manufactured, Engineering and Service Support in USA!
